Note: No trim or trim indicator on SLT 3 seat models The Fast trim motors on the Pro models and 1999-2001 SLX move the trim nozzle at twice the rate of the 'standard' trim motors. The MFD trim position display on these machines also tracks at twice the normal rate, when the trim buttons are pressed.

PWC 1996 - Polaris

Polaris Virage Jet ski is a rather risky vehicle: high speeds, unpredictable water elements, etc. The MSX 150 (as well as the entire MSX series of the three basic models 150, 140 and 110) has an increased level of security, primarily due to its high stability, excellent ergonomics and a well-thought-out warning system about the life of the engine.
