There is an authoritative guide for every possible kind of movie except "adult" films. Adult Video News—the extraordinary trade journal that covers the adult industry—has filled this void with a superb collection of reviews of the best porno videos and DVDs. This book is for the aficionado of erotica, couples, viewers, and everyone in between. The AVN Guide to the 500 Greatest Adult Films of All Timeincludes the magazine's selection of "101 Greatest Adult Tapes of All Times" and much more. In addition, entertaining sidebars run throughout (e.g., Ten Best Couples Films, the Ten Funniest Titles, Ten Best Gonzo Videos, Ten Best Gay Videos, Funnies: Hollywood Takeovers, and more). It is a skillful compilation of professional reviews of the best the adult industry has produced, arranged by the commonly used categories—among them "Couples," "Pro-Amateur," "Specialty," "Gonzo," "Gay-Bi," "Wall to Wall," "Alternative," and more. The 500 reviews were originally written as guides for retailers—so they are gritty, honest, and absolutely straightforward in their evaluation. They provide production details and other inside information rarely known outside the adult industry, including the advice AVN gave to retailers on stocking and marketing specific films.

Booklist Top of the List Reference Source
The heir and successor to Eric Partridge's brilliant magnum opus, The Dictionary of Slang and Unconventional English, this two-volume New Partridge Dictionary of Slang and Unconventional English is the definitive record of post WWII slang. Containing over 60,000 entries, this new edition of the authoritative work on slang details the slang and unconventional English of the English-speaking world since 1945, and through the first decade of the new millennium, with the same thorough, intense, and lively scholarship that characterized Partridge's own work. Unique, exciting and, at times, hilariously shocking, key features include: unprecedented coverage of World English, with equal prominence given to American and British English slang, and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland, and the Caribbean emphasis on post-World War II slang and unconventional English published sources given for each entry, often including an early or significant example of the term's use in print. hundreds of thousands of citations from popular literature, newspapers, magazines, movies, and songs illustrating usage of the headwords in the tradition of Partridge, commentary on the term's origins and meaning New to this edition: A new preface noting slang trends of the last five years Over 1,000 new entries from the US, UK and Australia
New terms from the language of social networking
Many entries now revised to include new dating, new citations from written sources and new glosses
The New Partridge Dictionary of Slang and Unconventional English is a spectacular resource infused with humour and learning—it's rude, it's delightful, and it's a prize for anyone with a love of language.

No cultural product reveals our collective fascination with sexual violence more candidly than pornography. Popular heterosexual pornographies showcase scenes of intense sexual aggression and cruelty that are gendered in repetitive, patterned configurations—configurations that are designedto arouse. Purcell uses comparative critical readings of popular U.S. pornographies to illuminate the changing psychosocial foundations of sexually aggressive fantasies. By examining how depictions of violence in pornography have changed over the past forty years, she investigates the evolving desires and anxieties of the genre's growing U.S. audience. Adopting a thick descriptive approach, she moves beyond the mere observation and recording of instances of sexism and violence, elucidating the changing aesthetics, themes, and conventions of depicted sexual aggression and showing how they have emerged in specific socio-historical contexts. Finally, she draws from a range of industry publications and fan forums to examine the fabric and function of misogyny and violence in people's fantasies and everyday lives.

In The Black Body in Ecstasy, Jennifer C. Nash rewrites black feminism's theory of representation. Her analysis moves beyond black feminism's preoccupation with injury and recovery to consider how racial fictions can create a space of agency and even pleasure for black female subjects. Nash's innovative readings of hardcore pornographic films from the 1970s and 1980s develop a new method of analyzing racialized pornography that focuses on black women's pleasures in blackness: delights in toying with and subverting blackness, moments of racialized excitement, deliberate enactments of hyperbolic blackness, and humorous performances of blackness that poke fun at the fantastical project of race. Drawing on feminist and queer theory, critical race theory, and media studies, Nash creates a new black feminist interpretative practice, one attentive to the messy contradictions—between delight and discomfort, between desire and degradation—at the heart of black pleasures.

The Routledge Dictionary of Modern American Slang offers the ultimate record of modern, post WW2 American Slang. The 25,000 entries are accompanied by citations that authenticate the words as well as offer examples of usage from popular literature, newspapers, magazines, movies, television shows, musical lyrics, and Internet user groups. Etymology, cultural context, country of origin and the date the word was first used are also provided. In terms of content, the cultural transformations since 1945 are astounding. Television, computers, drugs, music, unpopular wars, youth movements, changing racial sensitivities and attitudes towards sex and sexuality are all substantial factors that have shaped culture and language. This new edition includes over 500 new headwords collected with citations from the last five years, a period of immense change in the English language, as well as revised existing entries with new dating and citations. No term is excluded on the grounds that it might be considered offensive as a racial, ethnic, religious, sexual or any kind of slur. This dictionary contains many entries and citations that will, and should, offend. Rich, scholarly and informative, The Routledge Dictionary of Modern American Slang and Unconventional English is an indispensable resource for language researchers, lexicographers and translators.

"This book assesses American, Canadian, and Swedish legal challenges to the explosive spread of pornography within their significantly different democratic systems and constructs a political and legal theory for effectively challenging the sex industry under law. The obstacles to this challenge are posed as more ideological and political than strictly legal, although they often play out in the legal arena. The pornography industry is documented to exploit vulnerable populations in making its materials. A thorough analytical review of empirical studies using complementing methods demonstrates that using pornography substantially contributes to consumers becoming more sexually aggressive, on average desensitizing them and contributing to a demand for more subordinating, aggressive, and degrading materials. Consumers are also often found wishing to imitate pornography with unwilling partners; many demand sex from prostituted people, who have few or no alternatives. Most young men regularly consume pornography. Legal challenges to the harms are shown to be more effective under legal systems that promote equality and when the laws empower those most harmed, in contrast to state-enforced regulations (e.g., criminal obscenity laws). Drawing on feminist theory, among others, this book argues that pornography is among the linchpins of sex inequality, contending that a civil society forum can empower those harmed, with representatives who have more substantial incentives to address them. This book explains why democracies fail to address the harms of pornography and offers a political and legal theory for making the necessary changes. The insights can be applied to other intractable problems of hierarchy"--

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Egdy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*

Described by Salon as 'the bible of female anal sex', *The Ultimate Guide to Anal Sex for Women* is a comprehensive and creative guide to anal pleasure. Tristan Taormino offers the kind of informed reassurance that can encourage even an absolute beginner to explore this nerve-rich part of the body, either alone or with a partner of any gender. Beginning by dispelling common myths about anal eroticism, Taormino goes on to illustrate anatomy, give tips on building trust and communicating desires, providing reliable, easy-to-understand information.

A timely investigation into the forces that are driving innovation in the four core areas of human experience: birth, food, sex, and death. In *Sex Robots & Vegan Meat*, award-winning journalist and documentary-maker Jenny Kleeman takes us on a journey into the world of the people who are changing what it means to be human. Focusing on four central pillars of the human experience—birth, food, sex, and death—Kleeman examines the people who are driving some truly amazing (and perhaps worrying) innovations. We are on the brink of seismic changes in the ways we live and die, from babies grown in artificial wombs to lab-produced meat; from sex robots able to hold polite conversation (and otherwise) to being able to choose to end our days with the perfect, painless, automated death. Our journey from cradle to grave is developing in ways which involve more and more technology, and less and less human interaction. Might these advances in technology serve to rob us of our humanity? In this book Jenny Kleeman takes a profound look at what the future might have in store—and asks some provocative questions along the way. Jenny Kleeman places these scientists front and center and asks what is driving and motivating them? Are they entrepreneurs in it for the greater good of human advancement, or might there be more sinister—i.e. monetary—motivations in play? Gleeman is a skilled and subtle interrogator and travels with the reader on a fascinating exploration of the changes afoot, their implications for who we are as a society—and as human beings. It's an immersive, eye-opening, and hugely entertaining journey into a world of extraordinary visionaries on the frontline of a social revolution.

Gone with the Wind is the story of Scarlett O'Hara, a spoiled Southern belle who uses her wits and her wiles to lift herself and her family out of the ashes left by Sherman's March to the Sea during the American Civil War, only to learn the true meaning of love and friendship as she loses those who have become most dear to her. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms.
