Some memories you do your best to forget. Others you wish you simply had the opportunity to remember. Mason Everett found himself in the center of both, as he felt the warmth of an autumn sun graze his face through the tinted windows.A successful Real-estate developer, Mason had his picture perfect life. He was young, handsome, wealthy and single. No stranger to frequent hook ups at the local night clubs he avoided relationships at all costs living tirelessly by one rule: " Never let anyone close enough again to hurt you " Until he found himself falling for Sydney McCall, a young woman he met at his brother's wedding. In the midst of a developing relationship Mason's past begins to surface causing him to push Sydney away in fear of her finding out a secret he'd kept hidden for most of his adult life. In the wake of a tragic accident she finds that what she thought she knew was only the beginning, and what happens from there leaves them both searching for answers to a single question in what turns out to be a startling outcome, Where We Left Off.

" If you ' ve ever been perplexed by the byzantine rules of recycling, you ' re not alone...you ' ll want to read Can I Recycle This?... An extensive look at what you can and cannot chuck into your blue bin. " —The Washington Post The first illustrated guidebook that answers the age-old question: Can I Recycle This? Since the dawn of the recycling system, men and women the world over have stood by their bins, holding an everyday object, wondering, "can I recycle this?" This simple question reaches into our concern for the environment, the care we take to keep our homes and our communities clean, and how we interact with our local government. Recycling rules seem to differ in every municipality, with exceptions and caveats at every turn, leaving the average American scratching her head at the simple act of throwing something away. Taking readers on a quick, but informative tour of how recycling actually works (setting aside the propaganda we were all taught as kids), Can I Recycle This gives straightforward answers to whether dozens of common household objects can or cannot be recycled, as well as the information you need to make that decision for anything else you encounter. Jennie Romer has been working for years to help cities and states across America better deal with the waste we produce, helping draft meaningful legislation to help communities better process their waste and produce less of it in the first place. She has distilled her years of experience into this non-judgmental, easy-to-use guide that will change the way you think about what you throw away and how you do it.
