PDF Chapter 18

Since capital budgeting projects are long-term investments, the cash flows which they generate are likely to take place years into the future. If a firm spends \$1000 today and receives back \$100 per year

Download File PDF Chapter 18

Over the next 10 years, they have not broken even. Instead, the project has caused a significant reduction in firm value.

Business . . .

A firm's business involves capital investments

(capital budgeting),

e.g., the acquisition of real assets. The objective is to increase the firm's current market value.

Decision reduces
