This book uses two powerful psychological tools designed to enhance communication skills: self-assessment and journaling. Participants will learn more about themselves, as well as, the impact of effective and ineffective communication patterns. Each section of the book uses self-assessments, activities, journaling and educational handouts to explore: active listening, nonverbal communication, negotiation skills, awareness and empathy skills and other communication skills.

Being able to communicate effectively is the most important of all life skills. Communication is simply the act of transferring information from one place to another, whether this be vocally (using voice), written (using printed or digital media such as books, magazines, websites or emails), visually (using logos, maps, charts or graphs) or non-verbally (using body language, gestures and the tone and pitch of voice). Effective communication skills are fundamental to success in many aspects of life. Many jobs require strong communication skills and socially people with improved communication skills usually enjoy better interpersonal relationships with friends and family. Effective communication is a key interpersonal skill and by learning how we can improve our communication has many benefits. Communication is a two way process so improving communication involves both how we send and receive messages.

Being able to communicate effectively is the most important of all life skills. Communication is a two way process so improving communication involves both how we send and receive messages.

Reproducible self-assessments, exercises, journaling activities and educational handouts created for therapists, psychologists and other helping professionals to help their clients deal with domestic violence issues in their lives.

Communication is an essential life skill that every teen must learn. Based on the New Harbinger classic, Messages, this book will teach you the necessary skills—such as assertiveness, active listening, and compassion—to become an effective communicator for life. In an age of social media, texting, and ever-evolving technology, it's easy to forget how to engage in real, face-to-face communication, a critical skill for your future success! As you become more connected to your smartphone and the internet, your ability to connect in person may diminish. But technology doesn't replace the need for effective communication skills. In fact, successful personal and professional relationships are dependent upon connecting with people face-to-face. Communication Skills for Teens provides the guidance you need to become a better communicator and succeed in all areas of life. You'll also learn tons of essential life skills, including active listening, assertiveness, clarifying language, the art of an apology, compassion, interviewing skills, family communication, and more. Each chapter focuses on one key aspect of communication, offers a real teen's perspective, and includes practical exercises to help you apply what you've learned in the real world—away from your computer and smartphone screens. By following the practical, skills-based tips in each chapter of this book, you'll learn powerful communication techniques to last a lifetime.
