A haunting examination of groupthink and mass hysteria in a rural community The place is Salem, Massachusetts, in 1692, an enclave of rigid piety huddled on the edge of a wilderness. Its inhabitants believe unquestioningly in their own sanctity. But in Arthur Miller's edgy masterpiece, that very belief will have poisonous consequences when a vengeful teenager accuses a rival of witchcraft—and then when those accusations multiply to consume the entire village. First produced in 1953, at a time when America was convulsed by a new epidemic of witch-hunting, The Crucible brilliantly explores the threshold between individual guilt and mass hysteria, personal spite and collective evil. It is a play that is not only relentlessly suspenseful and vastly moving but that compels readers to fathom their hearts and consciences in ways that only the greatest theater ever can. "A drama of emotional power and impact" —New York Post

A literary study guide that includes summaries and commentaries.

The definitive memoir of Arthur Miller—the famous playwright of The Crucible, All My Sons, Death of a Salesman, A View from the Bridge, and other plays—Timebends reveals Miller's incredible trajectory as a man and a writer. Born in 1915, Miller grew up in Harlem in the 1920s and 1930s, developed leftist political convictions during the Great Depression, achieved moral victory against McCarthyism in the 1950s, and became president of PEN International near the end of his life, fighting for writers' freedom of expression. Along the way, his prolific output established him as one of the greatest writers of the twentieth century—he wrote twenty-two plays, various screenplays, short stories, and essays, and won the Pulitzer Prize in 1949 for Death of a Salesman and the New York Drama Critics Circle Award in 1947 for All My Sons. Miller also wrote the screenplay for The Misfits, Marilyn Monroe's final film. This memoir also reveals the incredible host of notables that populated his life, including Marilyn Monroe, Elia Kazan, Clark Gable, Sir Laurence Olivier, John F. Kennedy, and Mikhail Gorbachev. Leaving behind a formidable reputation in the worlds of theater, cinema, and politics, Arthur Miller died in 2005 but his memoir continues his legacy.

For some fifty years now, Arthur Miller has been not only America's premier playwright, but also one of our foremost public intellectuals and cultural critics. Echoes Down the Corridor gathers together a dazzling array of more than forty previously

uncollected essays and works of reportage. Here is Arthur Miller, the brilliant social and political commentator-but here, too, Miller the private man behind the internationally renowned public figure. Witty and wise, rich in artistry and insight, *Echoes Down the Corridor* reaffirms Arthur Miller's standing as one of the greatest writers of our time.

A novel of man's inhumanity to man and a brilliant study of everyday anti-semitism at work in society, *FOCUS* is set in Brooklyn in the last years of World War 2. It is the story of Lawrence Newman, office worker and ordinary anti-semite, who suddenly is mistaken for a Jew when he begins to wear glasses. The change in his appearance leads inevitably to him experiencing the bigotry of the neighbours he'd been friendly with before; and in due course he finds support and understanding with one of the very Jewish immigrants he had previously so despised. This highly allegorical novel, possibly the first in American literature to deal directly with anti-semitism, is narrated with Miller's customary eloquence, and incorporates a cleverly-fashioned subplot concerning Newman's marriage to a woman whom he once refused to employ. This edition includes a preface entitled 'The Face in the Mirror: Anti-Semitism Then and Now', in which Miller writes: 'Focus is much involved with impersonations. Its central image is the turning lens of the mind of an anti-Semitic man forced by his circumstances to see anew his own relationships to the Jew.' This novel explores the consequences which unravel once L

All institutions require a framework of governance, comprising a mission to be accomplished with clear rules and recognized conventions to guide its accomplishment. This book sets the governance of companies - corporate governance - in a wider framework so that it can be appreciated as part of a long tradition and of a system that affects our lives at all levels and in most places. Corporate governance is no longer optional for businessmen - it is vital - and the events which have led to this and the approaches taken by different countries are explained by Adrian Davies. He goes on to develop a working model for introducing a system of corporate governance, as well as detailing the process of installing and maintaining it. As the title suggests, *A Strategic Approach to Corporate Governance* explores the link between corporate governance and business strategy, and examines the role of the board of directors in providing leadership to both processes. Moving beyond the Cadbury, Greenbury and Hampel Codes, this book outlines a stakeholder approach to corporate governance which complements the financially-focused Codes. As Sir Adrian Cadbury says in his Foreword: 'Openness and accountability are the governance watchwords and ethical standards are the basis on which lasting governance systems are built. These are the lessons we have all learnt from the work which has been done worldwide on the governance of companies. Adrian Davies' book will, with advantage, help to spread corporate experience in this field to a wider range of organisations.'

Democratic policing today is a widely used approach to policing not only in Western societies but increasingly around the

world. Yet it is rarely defined and it is little understood by the public and even by many of its practitioners. Peter K. Manning draws on political philosophy, sociology and criminal justice to develop a widely applicable fundamental conception of democratic policing. In the process he delineates today's relationship between democracy and policing. Democratic Policing in a Changing World documents the failure of police reform, showing that each new approach - such as crime mapping and 'hot spots' policing - fails to alter any fundamental practice and has in fact increased social inequalities. He offers a new and better approach for scholars, policy makers, police, governments and societies.
