Daewoo Matiz - Check engine light puzzle. After putting up with the dreaded 'check engine' light (MIL) for a while, I paid £24 to have the code read by a local garage. They found the code P0480, which is apparently due to a Low Speed Cooling Fan Relay Circuit Fault. Having checked that the high-speed fan circuit works by switching on the air conditioning, the garage cleared the fault code and ...

[Daewoo Matiz Engine light? | Yahoo Answers](#)

It is nearly 1.5 years since it last came on - I think there is a problem with the fuel outlet from the tank being too high, so if fuel levels drop below half, when you turn a left corner the fuel slops away from the outlet, air gets sucked in the fuel pipes, and engine management light illuminates. So, to preven engine light coming on, treat the half way mark as empty.
