Fighting for her friends and fighting for her life, Kiera Hudson must finally unravel the pushed world and its secrets. But most of all, Kiera must make her choice. A choice that she fears will change everything and the lives of her friends forever.Does Kiera have the heart to choose them or choose for them?'Dead End' - the heart pounding conclusion to 'Kiera Hudson Series Two'.

Dead End in Norvelt is the winner of the 2012 Newbery Medal for the year's best contribution to children's literature and the Scott O'Dell Award for Historical Fiction! Melding the entirely true and the wildly fictional, Dead End in Norvelt is a novel about an incredible two months for a kid named Jack Gantos, whose plans for vacation excitement are shot down when he is "grounded for life" by his feuding parents, and whose nose spews bad blood at every little shock he gets. But plenty of excitement (and shocks) are coming Jack's way once his mom loans him out to help a feisty old neighbor with a most unusual chore—typewriting obituaries filled with stories about the people who founded his utopian town. As one obituary leads to another, Jack is launched on a strange adventure involving molten wax, Eleanor Roosevelt, twisted promises, a homemade airplane, Girl Scout cookies, a man on a trike, a dancing plague, voices from the past, Hells Angels . . . and possibly murder. Endlessly surprising, this sly, sharp-edged narrative is the author at his very best, making readers laugh out loud at the most unexpected things in a dead-funny depiction of growing up in a slightly off-kilter place where the past is present, the present is confusing, and the future is completely up in the air.

As the story begun in Book One continues, the Federation prepares to launch a counterstrike against the Dominion. Searching for a way to prevent another galactic holocaust, Colonel Kira is forced to make a choice between being true to her faith and being true to her loyalties. Meanwhile, as the combined crews of Deep Space Nine and the USS Enterprise struggle to stop a treacherous plot from destroying both the station and the ship, the shocking truth behind a disturbing prophecy and a grisly murder is revealed. Dark secrets, divided allegiances, treachery and, ultimately, hope - AVATAR is Deep Space Nine at its multi-layered best.

“Gripping and timely.” —People “The YA debut we’re most excited for this year.” —Entertainment Weekly “A book that knocks you off your feet while dropping the kind of knowledge that’ll keep you down for the count. Prepare to BE slain.” —Nic Stone, New York Times bestselling author of Dear Martin and Odd One Out Ready Player One meets The Hate U Give in this dynamite debut novel that follows a fierce teen game developer as she battles a real-life troll intent on ruining the Black Panther-inspired video game she created and the safe community it represents for Black gamers. By day, seventeen-year-old Kiera Johnson is an honors student, a math tutor, and one of the only Black kids at Jefferson Academy. But at home, she joins hundreds of thousands of Black gamers who duel worldwide as Nubian personas in the secret multiplayer online role-playing card game, SLAY. No one knows Kiera is the game developer, not her friends, her family, not even her boyfriend, Malcolm, who believes video games are partially responsible for the “downfall of the Black man.” But when a teen in Kansas City is murdered over a dispute in the SLAY world, news of the game reaches mainstream media, and SLAY is labeled a racist, exclusionist, violent hub for thugs and criminals. Even worse, an anonymous troll infiltrates the game, threatening to sue Kiera for “anti-white discrimination.” Driven to save the only world in which she can be herself, Kiera must preserve her secret identity and harness what it means to be unapologetically Black in a world intimidated by Blackness. But can she protect her game without losing herself in the process?

A finalist for the 2020 Thurber Prize for American Humor! “The Secret Life of Pets meets The Walking Dead” in this big-hearted, boundlessly beautiful romp through the Apocalypse, where a foul-mouthed crow is humanity’s only chance to survive Seattle’s zombie problem: (Karen Joy Fowler, PEN/Faulkner Award-winning author). S.T., a domesticated crow, is a bird of simple pleasures: hanging out with his owner Big Jim, trading insults with Seattle’s wild crows (i.e. “those idiots”), and enjoying the finest food humankind has to offer: Cheetos ®. But when Big Jim’s eyeball falls out of his head, S.T. starts to think something’s not quite right. His tried-and-true remedies—from beak-delivered beer to the slobbering affection of Big Jim’s loyal but dim-witted dog, Dennis—fail to cure Big Jim’s debilitating malady. S.T. is left with no choice but to abandon his old life and venture out into a wild and frightening new world with his trusty steed Dennis, where he suddenly discovers that the neighbors are devouring one other. Local wildlife is abuzz with rumors of Seattle’s dangerous new predators. Humanity’s extinction has seemingly arrived, and the only one determined to save it is a cowardly crow whose only knowledge of the world comes from TV. What could possibly go wrong? Includes a Reading Group Guide.

kira-kira (kee' ra kee' ra): glittering; shining Glittering. That's how Katie Takeshima's sister, Lynn, makes everything seem. The sky is kira-kira because its color is deep but see-through at the same time. The sea is kira-kira for the same reason. And so are people's eyes. When Katie and her family move from a Japanese community in Iowa to the Deep South of Georgia, it's Lynn who explains to her why people stop them on the street to stare. And it's Lynn who, with her special way of viewing the world, teaches Katie to look beyond tomorrow. But when Lynn becomes desperately ill, and the whole family begins to fall apart, it is up to Katie to find a way to remind them all that there is always something glittering -- kira-kira -- in the future. Luminous in its persistence of love and hope, Kira-Kira is Cynthia Kadohata's stunning debut in middle-grade fiction.

A would-be queen. A handsome young king. A perfect match...or is it? From the #1 New York Times bestselling author of the Selection series comes The Betrothed, a glittering royal romance sure to captivate her legion of loyal readers and lovers of courtly intrigue alike. When King Jameson declares his love for Lady Hollis Brite, Hollis is shocked—and thrilled. After all, she’s grown up at Keresken Castle, vying for the king’s attention alongside other daughters of the nobility. Capturing his heart is a dream come true. But Hollis soon realizes that falling in love with a king and being crowned queen may not be the happily ever after she thought it would be. And when she meets a commoner with the mysterious power to see right into her heart, she finds that the future she really wants is one that she never thought to imagine.

Kiera Cass brings another sparkling romance to a stunning conclusion in this sequel to the instant #1 New York Times bestseller The Betrothed. Can you follow your heart when it's already broken? After fleeing Coroa and leaving the memory of her beloved Silas behind, Hollis is unsteadily adjusting to life in Isolte. The Eastoffe family's affection is a balm on her weary spirit, though Etan, a surly cousin with a deep distaste for Coroans, threatens to upset the uneasy peace she's found. While tensions at home ratchet up, disquiet in the kingdom of Isolte is reaching a fever pitch. The Eastoffes may have the power to unseat a tyrannical king—but only with Hollis's help. Can a girl who's lost it all put the fate of her adopted homeland over the secret longings of her heart?

In this funny, big-hearted friendship story, perfect for fans of Wendy Mass and Linda Urban, twelve-year-old Edie and her impossibly cool cousin, Rae, set out to complete a mysterious list of “Good Ideas for Summertime” that their eccentric late grandmother wrote back when she was their age. But good ideas? Most of them seem like bad ideas. Reckless. Foolish. Ridiculous. Still, by accomplishing everything on the list, rule-abiding Edie feels certain that she can become the effortlessly brave adventurer she dreams of being, just like her daring cousin and bold grandmother. For this one summer at least, bad ideas are the best shot she has at becoming who she wants to be. **Bad Idea Number One**: It's time for a new set of rules.

For almost two years now, Kiera's boyfriend, Denny, has been everything she's ever wanted: loving, tender, and endlessly devoted to her. When they head off to a new city to start their lives together, Denny at his dream job and Kiera at a top-notch university, everything seems perfect. Then an unforeseen obligation forces the happy couple apart. Feeling lonely, confused, and in need of comfort, Kiera turns to an unexpected source - a local rock star named Kellan Kyle. At first, he's purely a friend that she can lean on, but as her loneliness grows, so does their relationship. And then one night everything changes . . . and one thing's for sure - nothing will ever be the same.
