"' I Can't See": Sovereignty, Oblique Vision, and the Outlaw in Hawks's Scarface". CR: The New Centennial Review. 4 (1): 211–226. doi:10.1353/ncr.2004.0024. ISSN 1539-6630. Smyth, J. E. (2004).

Scarface (film 1932) - Wikipedia bahasa Indonesia ...

The film is not so much a story about rising criminality, betrayal, and ruthless corruption as it is a deconstruction of gangster mythology. Through the rise and fall of Tony Camonte's takeover, Hawks delineates the failure of myth to sustain the character's sense of impregnability, an essential function of its being.

Scarface - Movie Reviews

An Arab prince born and raised in the desert and a beautiful Frenchwoman from Paris fall in love and marry, but the tremendous differences in their backgrounds and the cultural differences between their two different societies put strains on their marriage that may well prove irreparable.

Seminar paper from the year 2003 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 1,3, Technical University of Braunschweig, language: English, abstract: Worse than the economic impact of the Depression were its psychological effects on the people: unemployment and hunger lead to moral depression, distrust, and the downfall of traditional legal norms. Consequently, criminality became a major problem which politicians did not seem to be able to stop. It was an open secret that gangsters such as Al Capone made a lot of money by trading with alcoholic beverages during Prohibition and gained a lot of political influence by this. Chicago is commonly seen as the place where gangdom first developed. Its gangster image still clings to the city today. The most prominent events and people related to the gangs of Chicago were Al Capone and the 'War of Sicilian Succession' which resulted in the St Valentine's Day Massacre, leaving seven gang leaders killed and Capone as the new czar of the underworld. For the public, the adventurous and fancy life of the gang world became the symbol for the new mass culture that evolved from urbanization. The stereotype of the new criminal helped to overcome the traditional social boundaries that seemed no longer apt for the urbanized society. The gangster-movie genre, along with the press reinforced the gangster myth. SCARFACE –SHAME OF THE NATION by Howard Hawks (1930/1932) fits in with this concept. However, the movie also shows the influence the press takes in the creation of the media gangster. For this reason, it gives an ambivalent picture of the gang world in the 1930s. So is it a critique or part of the gangster myth creation? How are the historical events depicted, and how much is the representation of the gangsters in the movie predisposed by the media image of the gangster? In order to answer these questions, a short historical overview of Chicago's ganglife at the turn of the 19th century is given and the development of the gangster myth and the role of class, ethnicity, and style is explained. The characteristics of the gangster movie in the 1930s are put into context with the analysis of Howard Hawks' SCARFACE – SHAME OF THE NATION. The movie is furthermore analyzed with regard to the depiction of historical events, gangster iconography, and the role of the media.

In the 1930s the gangster film in the United States coincided with a very real and very sensational gangsterism at large in American society. Little Caesar (1931), The Public Enemy (1931), and Scarface (1932) borrowed liberally from the newspapers and books of the era. With the release of just these three motion pictures in barely more than a year's time, Hollywood quintessentially defined the genre. The characters, the situations, and the icons-from fast cars and tommy-guns to fancy fedoras and fancier molls-established the

audience expectations associated with the gangster film that remain in force to this day. As with their Film Noir Reader series, using both reprints of seminal articles and new pieces, editors Silver and Ursini have assembled a group of essays that presents an exhaustive overview of this still vital genre. Reprints of work by such well-known film historians as Robin Wood, Andrew Sarris, Carlos Clarens, Paul Schrader, and Stuart Kaminsky explore the evolution of the gangster film through the 1970s and *The Godfather*. Parts 2 and 3 comprise two dozen newer articles, most of them written expressly for this volume by Ursini and Silver. These case studies and thematic analyses, from *White Heat* to the remake of *Scarface* to "The Sopranos," complete the anthology.

Describes how the Mafia came to dominate organized crime in New York City from the 1930s through the 1950s, looking at their involvement in drugs, bars, and labor unions.

What is it about Tony Soprano that makes him so amiable? For that matter, how is it that many of us secretly want *Scarface* to succeed or see Michael Corleone as, ultimately, a hero? What draws us into the otherwise horrifically violent world of the mafia? In *The Mafia*, Roberto M. Dainotto explores the irresistible appeal of this particular brand of organized crime, its history, and the mythology we have developed around it. Dainotto traces the development of the mafia from its rural beginnings in Western Sicily to its growth into a global crime organization alongside a parallel examination of its evolution in music, print, and on the big screen. He probes the tension between the real mafia—its violent, often brutal reality—and how we imagine it to be: a mythical potpourri of codes of honor, family values, and chivalry. But rather than dismiss our collective imagining of the mafia as a complete fiction, Dainotto instead sets out to understand what needs and desires or material and psychic longing our fantasies about the mafia—the best kind of the bad life—are meant to satisfy. Exploring the rich array of films, books, television programs, music, and even video games portraying and inspired by the mafia, this book offers not only a social, economic, and political history of one of the most iconic underground cultures, but a new way of understanding our enduring fascination with the complex society that lurks behind the sinister Omertà of the family business.

The American crime film has recently enjoyed a surge in popularity and proliferation, making it the most pervasive genre in contemporary cinema. Though it now tackles current issues, it continues to reference the classic narratives and archetypes established in the great crime pictures of past decades. The titles explored in this critical survey feature a variety of themes and show that the crime film genre has fused with other genres to create fascinating hybrids. Focusing on character and plot construction, the author highlights the gangster and film noir traditions that still run strongly through recent American cinema. Among the many filmmakers analyzed within these pages are David Lynch, Gus Van Sant, David Mamet, Werner Herzog, Sam Raimi, David Cronenberg and the Coen Brothers. Stuart Gordon, director of the cult classic *Re-Animator*, provides the lively and incisive foreword.

A companion to the study of the gangster film's international appeal spanning the Americas, Europe, and Asia *A Companion to the Gangster Film* presents a comprehensive overview of the newest scholarship on the contemporary gangster film genre as a global phenomenon. While gangster films are one of America's most popular genres, gangster movies appear in every film industry across the world. With contributions from an international panel of experts, *A Companion to the Gangster Film* explores the popularity of gangster films across three major continents, the Americas, Europe, and Asia. The authors acknowledge the gangster genre's popularity and examine the reasons supporting its appeal to twenty-first century audiences across the globe. The book examines common themes across all three continents such as production histories and reception, gender race and sexuality, mafia mythologies, and politics. In addition, the companion clearly shows that no national cinema develops in isolation and that cinema is a truly global popular art form. This important guide to the gangster film genre: Reveals how the gangster film engages in complex and contradictory themes Examines the changing face of the gangster film in America Explores the ideas of gangsterism and migration in the Hispanic USA, Latin America and the Caribbean Discusses the wide variety of gangster types to appear in European cinema Contains a review of a wide-range of gangster films from the Americans, Europe, and Asia Written for academics and students of film, *A Companion to the Gangster Film* offers a scholarly and authoritative guide exploring the various aspects and international appeal of the gangster film genre.

An analysis of the narrative style of the Hollywood movie director, Howard Hawks, examines the use of sound, camera movement, and other cinematic techniques in his classic films

Cinema Studies: The Key Concepts is an essential guide for anyone interested in film. Providing accessible coverage of a comprehensive range of genres, movements, theories and production terms, this is a must-have guide to a fascinating area of study and arguably the greatest art form of modern times. Now fully revised and updated for its fourth edition, the book includes new topical entries such as: CGI Convergence Cult cinema Digital cinema/Post-digital cinema Dogme 95□ Movement-image/Time-image Quota quickies 3-D technology

Over the last three decades, Italian crime fiction has demonstrated a trend toward a much higher level of realism and complexity. The origins of the New Italian Epic, as it has been coined by some of its proponents, can be found in the widespread backlash against the Mafia-sponsored murders of Sicilian magistrates which culminated with the assassinations of Judges Giovanni Falcone and Paolo Borsellino in 1992. Though beginning in the Italian language, this prolific, popular movement has more recently found its way into the English language and hence it has found a much wider international audience. Following a brief, yet detailed, history of the cultural and economic development of Sicily, this book provides a multilayered look into the evolution of the New Italian Epic genre. The works of ten prominent contemporary writers, including Andrea Camilleri, Michael Dibdin, Elena Ferrante, and Massimo Carlotto, are examined against the backdrop of various historical periods. This "past is prologue" approach to contemporary crime fiction provides context for the creation of these recent novels and enhances understanding of the complex moral ambiguity that is characteristic of anti-mafia Italian crime fiction.
