Gods in Everyman by Jean Shinoda Bolen – Goodreads

Gods in Everyman is a companion volume to Goddesses in Everywoman. Both are the archetypes in us, based on the gods and goddesses in Greek mythology. People are complex, there is a pantheon of these archetypes in each of us. They act from within us, and the more we know of them, and the more conscious we can be about ourselves, the better.

The companion volume to *Goddesses in Everywoman* reveals the powerful inner patterns, or archetypes, that shape men's personalities, careers, and personal relationships -- offering insights into Greek mythology, Jungian archetypal psychology, and into themselves and the people in their lives In this

In this enlightening companion volume to the bestselling *Goddesses in Everywoman*, Jean Shinoda Bolen introduces men's inner patterns in the guise of eight archetypal gods. From the authoritarian, power-seeking gods (Zeus, Poseidon) to the gods of creativity (Apollo, Hephaestus), from the sensual Dionysus to Hermes, the communicator and a rchetype of the man on the move, Dr. Bolen shows men how to identify their ruling gods, how to decide which to cultivate and which to overcome, and how to tap the power of these enduring archetypes in order to enrich and strengthen their lives. She stresses the importance of understanding which gods you are attracted to and which are incompatible with your expectations, uncovers the origins of the often-difficult father-son relationship, and explores society's deep conflict between nurturing behavior and the need to foster masculinity. In *Gods in Everyman*, Dr. Bolen presents us with a compassionate and lucid male psychology that will help all men and women to better understand themselves and their relationships with their fathers, sons, brothers, and lovers.

In this challenging and enlightening companion volume to the bestselling *Goddesses in Everywoman*, Jean Shinoda Bolen turns her attention to the powerful inner patterns--or archetypes--that shape men's personalities, careers, and personal relationships. Viewing these archetypes as the inner counterparts of the outer world of cultural stereotypes, she demonstrates how men and women can gain an invaluable sense of wholeness and integration when what they do is consistent with who they are. Dr. Bolen introduces these patterns in the guise of eight archetypal gods, or personality types, with whom the reader will identify. From the authoritarian power-seeking gods (Zeus, Poseidon) to the gods of creativity (Apollo, Hephaestus) to the sensual Dionysus, Dr. Bolen shows men how to identify their ruling gods, how to decide which to cultivate and which to overcome, and how to tap the power of these enduring archetypes in order to enrich and strengthen their lives. She also stresses the importance of understanding which gods you are attracted to and which are compatible with your expectations, uncovers the origins of the often-difficult father-son relationship, and explores society's deep conflict between nurturing behavior and the need to foster masculinity. In *Gods in Everyman* Dr. Bolen presents us with a compassionate and lucid male psychology that will help all men and women to better understand themselves and their relationships with their fathers, their sons, their brothers, and their lovers.

Traces the powerful archetypes that govern men's personalities, careers, and personal relationships and shows men how to identify the gods active within them and use this information to choose satisfying options

A classic work of female psychology that uses seven archetypal goddesses as a way of describing behavior patterns and personality traits is being introduced to the next generation of readers with a new introduction by the author. Psychoanalyst Jean Bolen's career soared in the early 1980s when *Goddesses in Everywoman* was published. Thousands of women readers became fascinated with identifying their own inner goddesses and using these archetypes to guide themselves to greater self-esteem, creativity, and happiness. Bolen's radical idea was that just as women used to be unconscious of the powerful effects that cultural stereotypes had on them, they were also unconscious of powerful archetypal forces within them that influence what they do and how they feel, and which account for major differences among them. Bolen believes that an understanding of these inner patterns and their interrelationships offers reassuring, true-to-life alternatives that take women far beyond such restrictive dichotomies as masculine/feminine, mother/lover, careerist/housewife. And she demonstrates in this book how understanding them can provide the key to self-knowledge and wholeness. Dr. Bolen introduced these patterns in the guise of seven archetypal goddesses, or personality types, with whom all women could identify, from the autonomous Artemis and the cool Athena to the nurturing Demeter and the creative Aphrodite, and explains how to decide which to cultivate and which to

Download File PDF Gods In Everyman Jean Shinoda Bolen

overcome, and how to tap the power of these enduring archetypes to become a better "heroine" in one's own life story.

At some point after fifty, every woman crosses a threshold into the third phase of her life. As she enters this uncharted territory -- one that is generally uncelebrated in popular culture -- she can choose to mourn what has gone before, or she can embrace the juicy crone years. In this celebration of Act 3, Jungian analyst Jean Shinoda Bolen names the powerful new energies and potentials, or archetypes, that come into the psyche at this momentous time, suggesting that women getting older have profound and exciting reasons for welcoming the other side of fifty. As Bolen has explained in her remarkable body of work, there are goddesses in every woman, deep archetypal sources of wisdom, authenticity and spirituality that, once tapped, energize us and give us a sense of meaning and self-acceptance. The knowledge of which archetypes are active within us at each phase of life--maiden, mother (or matron), and crone supports us in making choices that are true to who we are instead of conforming to others' ideas of who we should be. In Bolen's bestselling *Goddesses in Everywoman*, the classic work of the women's spirituality movement, the Greek goddesses personified these archetypes as they affected the first two phases of a woman's adult life. Now she explains that in the third stage, marked physiologically by menopause, there emerges a whole new cast of inner archetypes that a woman can draw on for guidance, creativity, personal integration, and joy. Once we learn to recognize these forces, we can feel empowered and wise, introspective and spiritual, sexually bold and full of mirth. For it is in the "wisewoman" years, when a woman has lived long enough to resolve the tasks of younger and middle adulthood, that she can fully and authentically become who she deeply is. The generation of women who are approaching or who have reached the crone years is historically unique. Influenced by the women's movement, they have benefited from educational opportunities, women's support networks, and economic resources as excellent preparation for decades of active postmenopausal life. By recognizing the goddess archetypes that emerge in this phase, women of this special generation will be enabled to transform the crone years into the best years of their lives.

"Jean Shinoda Bolen provides ancient and modern ways to be our authentic, courageous, and passionate selves. Jean herself is an Artemis."—Gloria Steinem
Worshiped in Ancient Greece as a protectress of young girls, Artemis was the goddess of hunting, nature, and chastity—the original "wild woman." In *Artemis*, Jungian analyst and bestselling author, Jean Shinoda Bolen, revives the goddess Artemis to reclaim the female passion and persistence to survive and succeed. But an indomitable spirit isn't just reserved for the gods. In her book, Dr. Bolen revives the myth of Atalanta, an archetypal Artemis and mere mortal. To Atalanta, fate was no obstacle. Left to die because she was born a girl, she faces the Calydon Boar and outruns any man attempting to claim her as his wife. In *Artemis*, women are encouraged to discover their inner heroine—the activist who never gives up, who cannot be subdued. Whether women's rights activists or Princess Merida from *Brave*, the Artemis personality is embodied in the modern women. Hailed by Isabel Allende, as a "beautiful, inspiring book," *Artemis* is dedicated to all women and girls who discover her unconquerable spirit in themselves or others. Inside find: · Examples of Artemis in real-life and popular culture · Ancient and modern ways to be your authentic self · A source of strength, power, and integrity "Bolen connects Artemis to contemporary figures such as environmental activist Julia Butterfly Hill, author Cheryl Strayed, and journalist Lara Logan . . . Bolen also discusses other goddess archetypes, including the romance-oriented Aphrodite, contemplative Hestia, and Hecate, the wise crone. The exploration of Artemis and Atalanta as feminist icons is compelling."—Publishers Weekly

A classic work of female psychology that uses seven archetypal goddesses as a way of describing behavior patterns and personality traits is being introduced to the next generation of readers with a new introduction by the author. A Powerful and Poetic Call to Ecological & Feminist Activism This masterful work by internationally known author and speaker Jean Shinoda Bolen provides an insightful look into the fusion of ecological issues and global gender politics. Of trees and women. This book on the importance of trees grew out of Bolen's experience mourning the loss of a Monterey pine that was cut down in her neighborhood. That, combined with her practice of walking among tall trees, led to her deep connection with trees and an understanding of their many complexities. From their anatomy and physiology, to trees as archetypal and sacred symbols, Bolen expertly explores the dynamics of ecological activism spiritual activism and sacred feminism. And, she invites us to join the movement to save trees. Stories of those making a difference. While there is still much work to be done to address environmental problems, there are

Download File PDF Gods In Everyman Jean Shinoda Bolen

many stories of individuals and organizations rising up to make a change and help save our planet. The words and stories that Bolen weaves throughout this book are both inspirational and down-to-earth, calling us to realize what is happening to not only our trees, but our people. By writing about both the work of organizations like Greenpeace and the UN Commission on the Status of Women, Bolen highlights her passions and shares her unique vision for the world. In *Like a Tree* learn more about: The dynamic nature of trees – from their anatomy to their role as an archetypal symbol Pressing social issues such as deforestation, global warming, and overpopulation What it means to be a “tree person” If you enjoyed books like *The Hidden Life of Trees*, *Wise Trees*, *Around the World in 80 Trees*, or *Braiding Sweetgrass*, then you’ll love *Like a Tree: How Trees, Women, and Tree People Can Save the Planet*.

A vivid grasp of the story and the characters in "The Ring of Niebelung" brings Richard Wagner's mythic four-opera cycle to life. The Ring Cycle has a hold on our imagination like no other operatic work because it is archetypal and has the power of myth as well as music to reverberate in the psyche. Bolen shows how myth illuminates psychology, and more – *Ring of Power* goes beyond the psychology of the individual, revealing dysfunctional families and patriarchal institutions.

"For women there is nothing more liberating than age if we learn to use our energy, power and compassion." -- Back cover.
