Motorcycles A ride on a Harley-Davidson \u2122 motorcycle can make any weekend epic. It can turn a daily commute into an adrenaline-fest. A Harley-Davidson blows things wide open.

~~Motorcycles | Harley Davidson United Kingdom~~

The LiveWire \u2122 motorcycle is convenient to own because many of the routine maintenance items required of a motorcycle powered by an internal combustion engine are eliminated: there's no engine oil to change, and no spark plugs, air filter or primary drive to service. Electric power also eliminates maintenance issues associated with ethanol gasoline and off-season storage.

That feeling is exactly why Harley-Davidson manufactures millions of their famous two-wheelers every year, and brand fans still enjoy purchasing pre-owned and vintage bikes along with new models too. There are plenty of reasons why Harley is a beloved ...

The Harley-Davidson Story: Tales from the Archives is a fascinating, visually driven overview of the motor company's rich story, created in cooperation with the Harley-Davidson Museum. The story of Harley-Davidson is a classic American tale of spirit, invention, and the right idea at the right time. From its beginning in a small Milwaukee shed in 1903, William Harley and his cousins, the Davidson brothers, set in motion what would eventually become the world's most iconic motorcycle company. While other motorcycle companies rose and fell through the teens and 1920s, Harley went from strength to strength, whether introducing its first V-twin motor or dominating race tracks across America. The Milwaukee Miracle even prospered during WWII, building war bikes for the armed forces. By the 1950s, they'd buried their last American-built competitor, Indian, and gained a hold over the US market that they maintain to this day. A remarkable story deserves a remarkable space to recount it. Such is the Harley-Davidson Museum in Milwaukee, which opened in 2009. Harley-Davidson partnered with Motorbooks to create this book relaying Harley-Davidson's story, as told through the museum's displays and archive assets.

In celebration of a century of making classic motorcycles, the official one-hundredth anniversary volume recounts the history of the company, and presents images of its famous products.

One of the first complete collections showcasing and highlighting the artwork of a young master in the early stages of his career.

[...] it didn't matter, because one word, "sure" in the context of motorcycle ownership, gave Pete permission to buy one. All he had to do now was earn the money. [...] When Ms. Strickland answered the door she looked at the stoop and noticed that it had been shoveled. Since they were both holding shovels, the first thing she said in a rhetorical tone was "Did you guys do that? Thank you!" Before they could get a word out, she continued with "I guess you are here to shovel my drive! Or did you do that too and now you want your money?" Without missing a beat, Mel replied, "Yup! Twenty bucks!" In a scolding almost frantic tone she replied with, "Well I'm not paying. I have the lawn service under contract. Not very smart business boys. You can't just ask people to pay for a service they didn't request!" Pete just stood there in shock when Mel said, "OK, we'll put it back." She paused for a moment with a look of horror on her face until she realized Mel was joking and started laughing. She said "I'm sorry boys, but I'm already committed." Mel replied, "That's OK, we understand." As they were walking toward the next house, they heard Ms. Strickland's door open and she started yelling, "Boys!? Boys!? Wait!" Mel and Pete exchanged glances wondering what now? "Come back! I changed my mind! You can shovel my drive!" Pete jokingly said to Mel, "It looks like we're both gonna make \$20 on this drive since our price just doubled!"
