IB Economics textbooks - IB Economics

I teach IB economics at an international school in SE Asia. When the new IB economics curriculum came out, I began looking at all of the available textbooks (oxford, cambridge, pearson, IBID, etc.) After a thorough review of all of them, I find that this book is the best. The Dorton & Blink isn't a very compelling read and has huge gaps (areas ...

Amazon.com: Pearson Baccalaureate Economics for the IB ...

Pearson did a great job of misleading teachers and students with impressive layout and colour, yet with minimal and highly superficial content. This book has major gaps as well as numerous errors, and is not a book for the serious student of economics.

Economics - Pearson

Data Response Questions for Economics is a companion workbook to Economics from a Global Perspective and Multiple Choice Questions for Economics. It is thus structured to the syllabus of the International Baccalaureate Diploma. It is, however, suitable for use in any introductory economics course. The workbook contains a balanced selection of contemporary articles from around the world. Each article is followed by questions. Full answer schemes are provided. The workbook aims to help students acquire and practice a number of specific skills: To learn to read and interpret articles as an economist. To practice reading and interpreting graphical and statistical information. To widen knowledge through reading carefully chosen articles relevant to the course. To practice applying economic theory. To reinforce the skills and knowledge acquired in the economics course. To meet key economic concepts several times over. To relate classroom learning to the real world. To encourage hands on study. To gain a world perspective through reading articles drawn from all over the globe. To practice data response type examination questions.

Completely revised new editions of the market-leading Chemistry textbooks for HL and SL, written for the new 2014 Science IB Diploma curriculum. Now with an accompanying four-year student access to an enhanced eText, containing simulations, animations, quizzes, worked solutions, videos and much more. The enhanced eText is also available to buy separately and works on desktops and tablets - click here to watch a video to learn more. Follows the organizational structure of the new Chemistry guide, with a focus on the Essential Ideas, Understanding, Applications & Skills for complete syllabus-matching. Written by the highly experienced IB author team of Catrin Brown and Mike Ford, with additional e-features by Richard Thornley and David Moore, you can be confident that you and your students have all the resources you will need for the new Chemistry curriculum. Features: Nature of Science and ToK boxes throughout the text ensure an embedding of these core considerations and promote concept-based learning. Applications of the subject through everyday examples are described in utilization boxes, as well as brief descriptions of related industries, to help highlight the relevance and context of what is being learned. Differentiation is offered in the Challenge Yourself exercises and activities, along with guidance and support for laboratory work on the page and online. Exam-style assessment opportunities are provided from real past papers, along with hints for success in the exams, and guidance on how to avoid common pitfalls. Clear links are made to the Learner profile and the IB core values. Table of Contents: Stoichiometric Relationships Atomic Structure Periodicity Chemical Bonding and Structure Energetics/Thermochemistry Chemical Kinetics Equilibrium Acids and Bases Redox Processes Organic Chemistry Measurement and Data Processing Option A: Materials Option B: Biochemistry Option C: Energy Option D: Medicinal Chemistry

Ensure students can aim for their best grades with the help of accurate and accessible notes, expert advice, and exam-style questions on each key topic. - Builds revision skills through a range of strategies and detailed expert advice - Covers all the knowledge with concise, clear explanations of all the syllabus requirements and topics - Demonstrates what is required to get the best grades with tips, sample questions and model answers Answers are free online at www.hoddereducation.com/IBextras

This comprehensive new book, available as both print and e-book, has been written by the highly experienced author, Ellie Tragakes, and has been designed for class use and independent study. The text includes in-depth analysis of all topics included in the IB syllabus at both Standard and Higher Levels. It uses accessible language with storytelling for students to follow, and efficiently presents and analyses topics to optimise learning. The provision of questions throughout each chapter is intended to provoke discussion and test students' understanding. There are also comprehensive end-of-chapter questions. The print book includes an accompanying CD-ROM that provides model answers to select review questions and case studies with exam-style data-response questions, answers and evaluation. These resources have been developed in association with the teaching community. These e-learning materials are also included on the e-book version for an all-in-one solution.

Arranged in four sections, provides review exercises and past examination questions for topics in microeconomics, macroeconomics, interantional economics, and development economics.

The new Pearson Chemistry program combines our proven content with cutting-edge digital support to help students connect chemistry to their daily lives. With a fresh approach to problem-solving, a variety of hands-on learning opportunities, and more math support than ever before, Pearson Chemistry will ensure success in your chemistry classroom. Our program provides features and resources unique to Pearson—including the Understanding by Design Framework and powerful online resources to engage and motivate your students, while offering support for all types of learners in your classroom.
