## ManualsLib

The oven interior light and the orange warning light remain on — as is normally the case during all other functions of the oven — and the fan will come into operation, though without any heat being generated (thermostat off). The oven door must be kept closed. Using the oven in this way, food will defreeze in a third of the time normally ...

## INSTRUCTION MANUAL FOR BUILT-IN OVENS - Live With ILVE

To set the end of cooking time, press the end of cooking key and press the +/- keys to set the time at which you want the oven to switch off. A buzzer sounds when the clock reaches the set time, and the oven switches itself off. Turn the thermostat and selector knobs back to 0 position and press
