Handling the LCD panel • Your TV ' s screen is made of glass. Do not drop your TV or hit, jolt, or press hard against the LCD panel. If the screen breaks, be careful of broken glass. • If the LCD panel is broken, make absolutely sure that you do not touch the liquid in the panel. This may cause skin inflammation. • If the liquid gets in your mouth, immediately gargle, rinse, and consult ...

Continuing the explorations begun in the first two Producing Theory volumes, this book investigates

some of the tensions generated in the spaces enabled by the confluence of the formerly disparate activities of producing and consuming media. Multiple and varied theories--some still emerging--are invoked in attempts to illuminate the spaces between what previously had been neatly-separated components of media systems. This book is useful in a number of courses such as media culture and theory, introduction to new media, the Internet and the audience, new media theory and research, mass communication theory, emerging media, critical analysis and new media, concepts of new media, new media participants, new media in a democratic society, critical studies in new media, new media and social media, digital media studies, participatory media, media audiences in a digital world, digital cultures and social media, Web culture and new media studies, introduction to new media, new media and society, and more.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Simplified Signs presents a system of manual sign communication intended for special populations who have had limited success mastering spoken or full sign languages. It is the culmination of over twenty years of research and development by the authors. The Simplified Sign System has been developed and tested for ease of sign comprehension, memorization, and formation by limiting the complexity of the motor skills required to form each sign, and by ensuring that each sign visually resembles the meaning it conveys. Volume 1 outlines the research underpinning and informing the project, and places the Simplified Sign System in a wider context of sign usage, historically and by different populations. Volume 2 presents the lexicon of signs, totalling approximately 1000 signs, each with a clear illustration and a written description of how the sign is formed, as well as a memory aid that connects the sign visually to the meaning that it conveys. While the Simplified Sign System originally was developed to meet the needs of persons with intellectual disabilities, cerebral palsy, autism, or aphasia, it may also assist the communication needs of a wider audience – such as healthcare professionals, aid workers, military personnel, travellers or parents, and children who have not yet mastered spoken language. The system also has been shown to enhance learning for individuals studying a foreign language. Lucid and comprehensive, this work constitutes a valuable resource that will enhance the communicative interactions of many different people, and will be of great interest to researchers and educators alike.

1. PURPOSE. This Manual establishes policies and standards for the administration of the Coast Guard External Affairs Program for both Coast Guard Headquarters and the field. 2. ACTION. All Coast Guard commanders, commanding officers, officers-in-charge, deputy/assistant commandants, and chiefs of headquarters staff elements shall comply with the provisions of this Manual. Internet release is authorized. 3. DIRECTIVES AFFECTED. The Coast Guard Public Affairs Manual, COMDTINST M5728.2 (series), Coast Guard Partnership with First Book, COMDTINST 5350.5 (series), Retired Flag Officer Biographical Material/Requirements, COMDTINST 5700.3 (series), and The Coast Guard Engagement Framework, COMDTINST 5730.2 (series) are canceled. All Commandant directives referencing the Public Affairs Manual and The Coast Guard Engagement Framework are now directed to this Manual and Reference (a).
