1. How long will it take to fill a rush order? Our group has calculated (see Appendix Figure 1) that it will take 24 minutes to fill a rush order if it is the first order placed in the night. This assumes that the oven is already preheated and the mixer bowl and beaters are clean (as sanitary requirements would demand).

Essays and ...

Kristen's Cookies can fill 22 orders when running at full capacity during a 4-hour night. We can see that the upfront setup time to prepare the first order is 8 minutes before baking, while the first order is baking, subsequent orders can be processed. For the first batch, the initial step of mixing and spooning takes 8 minutes.
