Lectures on public economics are given each year by economists at IFS. They cover a wide range of topics within public economics. Each lecture addresses one key issue, showing how economic theory is useful in understanding the issue, discusses reasons that policymakers are interested in this area, and explores

from economics, accounting and finance, politics, law and gender studies, to history, sociology, architecture, anthropology, philosophy and the hard sciences.

Public Lectures | LSE Digital Library

The choice of the title Lectures on . . . is intended to dispel any impression that the book is an exhaustive account of public economics. The aim of the Lectures is to illustrate the current state of the art, to give some flavour of the strengths and weaknesses of recent developments, and to point to areas where future research is necessary.
