In 1581, Dr. John Dee, an advisor in the court of Queen Elizabeth I, began a series of experiments intended to explore the ability to contact the spirit world. With Edward Kelley acting as the medium in these experiments, Dee was able to record these communications as they were transmitted in Enochian -- the language of the angels. Donald Laycock has thoroughly analyzed the work of Dee and Kelley. In this volume, he recounts the history of their experiments. The rest of the work consists of a pronunciation guide for the twenty-one letters, significant to untangling both the meaning and the derivation of the messages handed down from Dee and Kelley, and a basic Enochian-English/English-Enochian dictionary. The result is a fascinating linguistic and magical mystery story, integral to any study of the Enochian tradition. Stephen Skinner's lucid Preface sets the tone and historical context for today's readers.

A compendium for occultists, demonologists, and students of the Left-Hand Path, The Goetia Devils offers the reader an illuminating glimpse of the Goetia spirits through the lens of world-renowned author, Rev. Cain. The Goetia Devils is not a translation of the ancient Ars Goetia manuscript - rather, it is an in-depth, fresh look at the devils that fill its infamous hierarchy. In the pages of this book, the 72 Goetia devils finally breathe an air of esteem, dignity, and well-deserved celebration. This book details all vital information regarding each of the Goetia spirits - sigils, ritual elements, names, blessings, and further. As well, The Goetia Devils offers the reader an unparalleled wealth of wisdom regarding the origins and nature of these hellbound spirits.

"A handbook for traditional Satanists, The Infernal Gospel is a compendium of unholy knowledge that aims to offer clearness in an unclear world. It was dissatisfaction that acted as the catalyst for this hellish manuscript, and those that served as its foundation - namely, the Unholy Bible. Alongside the Unholy Bible, the Book of Kings and Book of Hymns were penned - and together, these books aimed to illuminate traditional Satanism. Now, these three world-renowned manuscripts have been rewritten and amalgamated into one - the book that you hold within your hands - The Infernal Gospel."- Author's Preface, The Infernal Gospel.

The Psalms, mysterious in origin and possibly pre-dating Judeo-Christian scripture, play a critical role in classic grimoires and folk-magic traditions. This book explores the Psalms in healing, protection, cursing, averting evil, and engaging spirits with magical acts of bottling, burning, utterance, inscription, and more. Serving a vast array of needs, this book offers a unique approach to engaging
