When fourteen-year-old Alex is framed for murder, he becomes an inmate in the Furnace Penitentiary, where brutal inmates and sadistic guards reign, boys who disappear in the middle of the night sometimes return weirdly altered, and escape might just be possible.

Furnace Penitentiary: the world's most secure prison for young offenders, buried a mile beneath the earth's surface. Convicted of a murder he didn't commit, sentenced to life without parole, "new fish" Alex Sawyer knows he has two choices: find a way out, or resign himself to a death behind bars, in the darkness at the bottom of the world. Except in Furnace, death is the least of his worries. Soon Alex discovers that the prison is a place of pure evil, where inhuman creatures in gas masks stalk the corridors at night, where giants in black suits drag screaming inmates into the shadows, where deformed beasts can be heard howling from the blood-drenched tunnels below. And behind everything is the mysterious, all-powerful warden, a man as cruel and dangerous as the devil himself, whose unthinkable acts have consequences that stretch far beyond the walls of the prison. Together with a bunch of inmates–some innocent kids who have been framed, others cold-blooded killers–Alex plans an escape. But as he starts to uncover the truth about Furnace's deeper, darker purpose, Alex's actions grow ever more dangerous, and he must risk everything to expose this nightmare that's hidden from the eyes of the world.

Alex Sawyer has escaped his underground nightmare to discover that the whole world has become a horrible prison run by his nemesis, Alfred Furnace, and only Alex can stop him, even if that makes him the executioner.

Forever altered by his experience in Furnace Penentiary, Alex has done the impossible and escaped. But the battle for freedom is only just beginning. Charged with his superhuman abilities, Alex must uncover the last of Furnace's secrets–the truth about the man who built the prison, the man known as Alfred Furnace. And to do that he must stop running and finally confront his greatest fears.

Imprisoned for a murder he did not commit, 14-year-old Alex Sawyer thinks that he has escaped the hellish Furnace Penitentiary, but instead he winds up in solitary confinement, where new horrors await him.

In the adrenalin-fueled five-book Escape from Furnace series–full of action, adventure, and mystery–Alex Sawyer seeks to break free of a hellish underground penitentiary for teenage offenders. But with every step toward freedom, Alex finds there will be no escaping the secret horrors and nightmarish creatures haunting his endless nights until he confronts and destroys the prison's mastermind. This ebook bundle includes all five books in the series from author Alexander Gordon Smith: Lockdown, Solitary, Death Sentence, Fugitives, and Execution. Also included is the companion short story, The Night Children. "Fresh and ferocious . . . will hook boys with its gritty, unrelenting surprises." ~James Patterson, author of the Maximum Ride series "Furnace is hotter than hell and twice as much fun." –Darren Shan, author of the Demonata series

Alex's second attempt to break out of Furnace Penentiary has failed. This time his punishment will be much worse than before. Because in the hidden, bloodstained laboratories beneath the prison, he will be made into a monster. As the warden pumps something evil into his veins—a sinisterly dark nectar--Alex becomes what he most fears . . . a superhuman minion of Furnace. How can he escape when the darkness is inside him? How can he lead the way to freedom if he is lost to himself?

From the creator of the Escape from Furnace series, a ferocious epic of supernatural terror, perfect for Stephen King fans Imagine if one day, without warning, the entire human race turns against you, if every person you know, every person you meet becomes a bloodthirsty, mindless savage . . . That's the horrifying reality for Cal, Brick, and Daisy. Friends, family, even moms and dads, are out to get them. Their world has the Fury. It will not rest until they are dead. In Alexander Gordon Smith's adrenaline-fueled saga, Cal and the others must uncover the truth about what is happening before it destroys them all. But survival comes at a cost. In their search for answers, what they discover will launch them into battle with an enemy of unimaginable power.

It is December 1944 and Europe is still gripped by war. In the densely forested mountains of Belgium one of the conflict's most brutal battles is raging. Cut off from the front, a ragtag group of young British and American soldiers finds itself being hunted by a patrol of elite German Special Forces, including a newly commissioned officer called Kreuz—a teenage boy who will grow up to become Warden Cross (the fearsome prison director who will one day rule Furnace Penitentiary, the terrifying underground prison specially built for teen offenders). As both sides fight for their lives in the unforgiving terrain, however, they start to realize that there are worse things hiding in the snow than soldiers. There are creatures out there with gas masks and piggy eyes (ancestors of Furnace prison's "wheezers")–demonic entities that cannot be killed by guns and grenades, monsters who do not care what uniforms their victims are wearing so long as they bleed, and so long as they scream . . .
