This book was
originally
published as a
special issue of
Language and
Intercultural
Communication.

Our thesis is
that

File Type PDF

Memory Ideny

And communication

has several
sources. Some
may be

considered as
main sources or
constitutive
sources from
which

communication
springs, and
others may be
considered as
secondary or

File Type PDF Memory Ideny

And complementary
sources of
communication.

We can thus
acknowledge
eight main
sources of
communication:
rhetoric,
persuasion,
psychology,
sociology,
anthropology,
semiotics,

File Type PDF

Memory Ideny

linguistics and
political
science.

Rhetoric is the
first and oldest
discipline which
studied certain
communication
phenomena;
rhetoric has
outlined a proto-
object of
communication.

Sociology is the

File Type PDF Memory Ideny

And powerful
source of
communication
methodology:
sociology has
supplied most of
the theories and
methods that
have led to the
discipline of
communication
growing
autonomously. We
assert that

File Type PDF

Memory Ideny

And secondary

sources of
communication

are: philosophy,

ethics,

pragmatics,

mathematics,

cybernetics and

ecology.
