New York Times Bestseller Award-winning and New York Times bestselling author Laura Lippman's Tess Monaghan first introduced in the classic Baltimore Blues becomes involved in a complicated investigation that will force her to question her loyalties. "Chilling, insightful, and edge-of-your seat exciting." USA Today For Tess Monaghan, the unsolved murder of a young federal prosecutor is nothing more than a theoretical problem, one of several cases to be deconstructed in her new gig as a consultant to the local newspaper. But it becomes all too tangible when her boyfriend, Crow, brings home a young street kid who's a juvenile con artist and who doesn't even realize he holds an important key to the sensational homicide. Tess agrees to protect the boy's identity no matter what, especially when one of his friends is killed in what appears to be a case of mistaken identity. But as she soon discovers, her ethical decision to protect him has dire consequences. And with federal agents determined to learn the boy's name at any cost, Tess finds out just how far even official authorities will go to get what they want. It isn't long before Tess finds herself facing felony charges. To make matters worse, Crow has gone into hiding with his young protégé. So Tess can't deliver the kid to investigators even if she wants to. Now her only recourse is to get to the heart of the sordid and deadly affair while they're all still free...and still breathing.

New York Times Bestseller Award-winning and New York Times bestselling author Laura Lippman's Tess Monaghan first introduced in the classic Baltimore Blues must track down a missing wife and unravel the secrets in her marriage that led her to flee. "A hair raising ride." Boston Globe Mark Rubin's family is missing and the police won't get involved because all the evidence indicates that his wife left willingly. So the successful Baltimore furrier turns to Tess Monaghan, hoping she can help him find his wife and three children. Tess doesn't quite know what to make of Rubin, who doles out vitally important information in grudging dribs and drabs. According to her client, he and his beautiful wife, Natalie, had a flawless, happy marriage. Yet one day, without any warning or explanation, Natalie gathered up their children and vanished. Tapping into a network of fellow investigators spread across the country, Tess is soon able to locate the runaway wife and the children who have been moving furtively from state to state, town to town. But the Rubins are not alone. A mysterious man is traveling with them, a stranger described by witnesses as "handsome" and "charming" but otherwise unremarkable. And the deeper Tess digs, the more she suspects that the motive behind Natalie's reckless flight lies somewhere in the gap between what Rubin will not say and what he refuses to believe. An intricate web of betrayal and vengeance is already beginning to unfold, as memory begets rage, and rage begets desperation and murder. Suddenly, much more than one man's future happiness and stubborn pride are in peril. For the lives of three innocent children are dangling by the slenderest of threads.

Pregnant Baltimore PI Tess Monaghan probes the disappearance of a chic blonde green-raincoated dog walker she'd been watching from her comfy prison. Tess also takes in the missing woman's abandoned green-slickered Italian greyhound from hell and unravels a complex scam.

New York Times bestselling author Laura Lippman plunges Baltimore private investigator Tess Monaghan into a twisted and disturbing case. Tess Monaghan has encountered almost every possible criminal motive throughout her career: greed, revenge, jealousy, rage. But there are crimes that defy all attempts at understanding, where a search for motive seems pointless. Melisandre Harris Dawes committed such a crime. Found not guilty by reason of insanity, she fled the country, leaving her two daughters with their father. Twelve years later, she's back in Baltimore, and Tess is asked to provide security detail while Melisandre films a documentary about her attempts to reconcile with her now teenaged children. Tess, juggling work with caring for her demanding toddler, is uneasy about the case. Still, Melisandre's lawyer is family. And there is something about the woman herself—confident, beautiful, shrewdly intelligent—that draws Tess in. Is she a master manipulator or someone who was driven to temporary madness? Cold and calculating, or a mother concerned for her daughters' well being? Someone is leaving Melisandre enigmatic, threatening notes. Soon Tess, insecure about her parenting abilities and receiving cryptic messages of her own, isn't sure whether she should be protecting Melisandre from harm—or protecting everyone else

from Melisandre. When Melisandre becomes the prime suspect in a murder, Tess must uncover the truth. Doing so will mean confronting her deepest beliefs about what separates good parents from bad, madness from sanity, and what lengths even the most rational person will go to, to protect what they cherish most.

Until her paper, the Baltimore Star, crashed and burned, Tess Monaghan was a damn good reporter who knew her hometown intimately -- from historic Fort McHenry to the crumbling projects of Cherry Hill. Now gainfully unemployed at twenty-nine, she's willing to take any freelance job to pay the rent -- including a bit of unorthodox snooping for her rowing buddy, Darryl "Rock" Paxton. In a city where someone is murdered almost everyday, attorney Michael Abramowitz's death should be just another statistic. But the slain lawyer's notoriety -- and his noontime trysts with Rock's fiancée -- make the case front page news...and points to Rock as the likely murderer. But trying to prove her friend's innocence could prove costly to Tess -- and add her name to that infamous ever-growing list.

New York Times Bestseller Award-winning and New York Times bestselling author Laura Lippman's Tess Monaghan first introduced in the classic Baltimore Blues must protect an up-and-coming Hollywood actress, but when murder strikes on a TV set, the unflappable PI discovers everyone's got a secret. "[A] welcome addition to Tess Monaghan's adventures and an insightful look at the desperation that drives those grasping for a shot at fame and those who will do anything to keep it." San Francisco Chronicle When private investigator Tess Monaghan literally runs into the crew of the fledgling TV series Mann of Steel while sculling, she expects sharp words and evil looks, not an assignment. But the company has been plagued by a series of disturbing incidents since its arrival on location in Baltimore: bad press, union threats, and small, costly on-set "accidents" that have wreaked havoc with its shooting schedule. As a result, Mann's creator, Flip Tumulty, the son of a Hollywood legend, is worried for the safety of his young female lead, Selene Waites, and asks Tess to serve as her bodyguard. Tumulty's concern may be well founded. Recently, a Baltimore man was discovered dead in his home, surrounded by photos of the beautiful--if difficult--aspiring star. In the past, Tess has had enough trouble guarding her own body. Keeping a spoiled movie princess under wraps may be more than she can handle since Selene is not as naive as everyone seems to think, and instead is quite devious. Once Tess gets a taste of this world of make-believe--with their vanities, their self-serving agendas, and their remarkably skewed visions of reality--she's just about ready to throw in the towel. But she's pulled back in when a grisly on-set murder occurs, threatening to topple the wall of secrets surrounding Mann of Steel as lives, dreams, and careers are scattered among the ruins.

As a practiced reporter until her newspaper went to that great pressroom in the sky, P.I. Tess Monaghan knows and loves every inch of her native Baltimore, even the parts being slobbered on by the sad-sack greyhound she's minding for her uncle. It's a quirky city where baseball reigns, but lately homicide seems to be the second most popular local sport. Business tycoon "Wink" Wynkowski is trying to change all that by bringing pro basketball back to town, and everybody's rooting for him -- until a devastating, muckraking expose of his lurid past appears on the front page of the Baltimore Beacon-Light. It's a surprise even to the Blight's editors, who thought they'd killed the piece. Instead, the piece killed Wink -- who's found in his garage with the car running. Now the Blight wants to nail the unknown computer hacker who planted the lethal story, and the assignment is right up the alley of a former newshound like Tess. But it doesn't take long for her to discover deeper, darker secrets, and to realize that this situation is really more about whacking than hacking. It's just murder in Baltimore these days -- and Tess Monaghan herself might be next on the list. As a practiced reporter until her newspaper went to that great pressroom in the sky, P.I. "Powerful". A gripping tale that is a mystery only in the same sense as To Kill a Mockingbird was. Brilliant, insightful, moving."
