More Information

One-Page Project Manager Books - oppmi.com

The one-page project manager is a great format for tracking simple projects and communicating status with others. Some people may not find the format immediately intuitive but with a bit of training/sharing, I've found that people are quickly introduced to the concept of how to read and create one-page project management summaries.

How to manage any project on just one piece of paper The New One-Page Project Manager demonstrates how to efficiently and effectively communicate essential elements of a project's status. The hands of a pocket watch reveal the time of day without following every spring, cog, and movement behind the face.

The New One-Page Project Manager: Communicate and Manage ...

It is also another way of saying that the project team and most especially, the project manager, is on top of the project. Keep in mind that the key here is to be brief but concise. Even if it is just a one page project status report, it should still be able to show the progress of the project and how it is performing, just like how a long project status report will do.
