### Rebel Fleet - Book Series In Order

Rebel Fleet was a good, solid sci-fi read that had plenty of action and an interesting plot-line that had some uniquely different ideas. The basic premise is: in the distant past the Imperial Kher seeded numerous worlds. Their off-spring are known by the term sub-Kher and have developed according to the environment on whatever particular planet ...

The Rebels in Star Wars: The Empire Strikes Back are a ragtag group of resistance fighters. They have desperately put together a fleet of starships and starfighters as they prepare to assault the Empire. This fleet is one of the most iconic scenes from Empire Strikes Back, and a lot of kids who saw it in theaters wanted to create their own in Lego.

I enjoyed Orion Fleet even more than the first book in the Rebel Fleet series and I have bumped it up from 4 stars to 5. Leo Blake, as per-usual, is getting up to all sorts of hijinks in this book as he comes up with a series of wacked out plans to rid the Rebel worlds of the latest Imperial incursion: an AI controlled

ship called Hunter which is chowing through Rebel worlds, quite literally.

Throughout the series, Ezra, Kanan, Hera, Zeb, Sabine and Chopper join forces with Phoenix Squadron and together, they work to widen the ranks of the Rebellion fleet. In multiple episodes, fans see the titular team of Rebels work to steal ships from the Empire's armada to add to their Rebellion, including the B-Wing spaceships .

At long last Earth has a handful of starships. Surrounded by Rebel Kher, Imperials and the mysterious Nomads, Humanity dares to assert our right to independence. The interstellar community reacts harshly. In the eyes of our neighbors, we're upstarts, dangerous beings that don't know our place. For the Kher, freedom can only be won through battle. War fleets arrive to instruct us, and Captain Leo Blake is again sent out to voyage among hostile stars. We're far from ready, but the time has come. It's game-on. EARTH FLEET is the fourth book in the Rebel Fleet series.

Branded as rebels and traitors, the members of the Alliance worked from the shadows, gathering information and support from across the galaxy to bring an end to the Empire's tyranny. This information has been kept hidden until now. Discovered in the ruins of an abandoned rebel base, these files have been passed among members of the Resistance, who have added notes, updates, and new insights to the documents. A repository of Alliance intelligence, The Rebel Files weaves together classified documents, intercepted transmissions, and gathered communications to trace the formation of the Rebel Alliance. Unlock the secrets of the Rebel Alliance!

A novel of military science fiction telling the story of Earth's annexation by an alien empire. Long considered a primitive people on a backwater planet, humanity finds itself in the middle of a war, and faced with extinction.

After the Clone Wars, the Galactic Empire spared no expense to build a massive fleet of warships to enforce Imperial rule, intimidate defenseless worlds, and destroy all opposition. However, the Imperial Navy underestimated Rebel Alliance fighter pilots, who flew X-wing, Y-wing, A-wing, U-wing and B-wing starfighters, and whatever else they could obtain to fight their Imperial enemies. Decades later, Resistance pilots would fly next-generation versions of Rebel starfighters against the First Order. The Rebel Starfighters Owners' Workshop Manual presents a thorough history of the starfighters that served the Rebel Alliance and the Resistance. The history includes design origins, production, and modifications for each Rebel starfighter, and is fully illustrated with numerous photographs, schematics, exploded diagrams, and computer-generated artwork by Star Wars vehicle experts Chris Reiff and Chris Trevas. Text is by Ryder Windham, author and co-author of more than 70 Star Wars books. This Haynes Manual is the most thorough technical guide to Rebel starfighters available, and is fully authorized and approved by Lucasfilm.

J. S. Dewes continues her fast paced, science fiction action adventure with The Exiled Fleet, where The Expanse meets The Black Company—the survivors of The Last Watch refuse to die. The Sentinels narrowly escaped the collapsing edge of the Divide. They have mustered a few other surviving Sentinels, but with no engines they have no way to leave the edge of the universe before they starve. Adequin Rake has gathered a team to find the materials they'll need to get everyone out. To do that they're going to need new allies and evade a ruthless enemy. Some of them will not survive. One starship will either save Earth or destroy her. A century ago our star erupted, destroying Earth's wormhole network and closing off trade with her colonized planets. After being out of contact with the younger worlds for so many years, Humanity is shocked when a huge ship appears at the edge of the Solar System. Our outdated navy investigates, both curious and fearful. What they learn from the massive vessel shocks the planet. The lost colonies have survived—but the reunion isn't going to be a happy one. Our descendants are vastly superior in the art of warfare. Worse, there are other beings undreamed of beyond the human frontier: strange, unfathomable...alien. Battle Cruiser Defiant, the first capital ship to darken Earth's skies, is tasked with exploring new passages to the younger planets. Old Earth must reunite with her children...but can humanity survive the inevitable conflicts? Captain William Sparhawk, determined to follow a path of honor and truthfulness, dares to rise to the challenge. BATTLE CRUISER is a military science fiction novel by bestselling author B. V. Larson.
