TFS 2013 Installation - social.msdn.microsoft.com

Knowing how to integrate SharePoint 2013 with Team Foundation Server 2013 is a staple of any ALM consultant but I usually do everything that I can to dissuade my customer from installing it. Why you might ask... with the awesome capabilities of SharePoint why oh why would you want to cripple your customers experience. Well, its about support.

Integrate SharePoint 2013 with Team Foundation Server 2013

From TFS 2013 upgrade to either TFS 2015 or TFS 2017. Based on your current SQL Server that you are using, if that is SQL Server 2012 you would have to go first to TFS 2015, upgrade your SQL Server to be SQL Server 2016 (minimum SP1), and afterwards proceed with the second upgrade to TFS 2018.
