Chelsea Pitcher (Author of This Lie Will Kill You)

The S-Word by Chelsea Pitcher is a uniquely refreshing take on the YA genre, one in which the ethos of noir fiction is intimately blended with the contemporary frailties and foibles of the under 18 set. Dark and definitely mysterious, the story is told through the perspective of Angela Lake, the cynical and deeply hurting former best friend of Elizabeth Hart, Verity High's Suicide Slut.

Angie's quest for the truth behind her best friend's suicide drives her deeper into the dark, twisted side of Verity High.

Lizzie wasn't the first student at Verity High School to kill herself this year. But the difference is, she didn't go quietly. Lizzie's reputation is destroyed when she's caught in bed with her best friend's boyfriend on prom night. With the whole school turned against her, and Angie not speaking to her, she takes her own life. But someone isn't letting her go quietly. As graffiti and photocopies of Lizzie's diary plaster the school, Angie begins a relentless investigation into who, exactly, made Lizzie feel she didn't deserve to keep living. And while she claims she simply wants to punish Lizzie's tormentors, Angie's own anguish over abandoning her best friend will drive her deep into the dark, twisted side of Verity High—and she might not be able to pull herself back out.

"Will keep readers on edge from start to finish." —Kirkus Reviews Tell the truth. Or face the consequences. Clue meets Riverdale in this page-turning thriller that exposes the lies five teens tell about a deadly night one year ago. One year ago, there was a party. At the party, someone died. Five teens each played a part and up until now, no one has told the truth. But tonight, the five survivors arrive at an isolated mansion in the hills, expecting to compete in a contest with a \$50,000 grand prize. Of course...some things are too good to be true. Now, they realize they've been lured together by a person bent on revenge, a person who will stop at nothing to uncover what actually happened on that deadly night, one year ago. Five arrived, but not all can leave. Will the truth set them free? Or will their lies destroy them all?

Riverdale meets Kara Thomas's The Cheerleaders in this electrifying, twisted thriller about estranged friends who reunite when someone commits the murder they'd planned—but didn't go through with—and leaves one of their own to take the fall. Poppy, Lily, and Belladonna would do anything to protect their best friend, Raven. So when they discovered he was suffering abuse at the hands of his stepmother, they came up with a lethal plan: petals of poppy, belladonna, and lily in her evening tea so she'd never be able to hurt Raven again. But someone got cold feet, the plot faded to a secret of the past, and the group fell apart. Three years later, on the eve of Raven's seventeenth birthday, his stepmother turns up dead. But it's only belladonna found in her tea, and it's only Belladonna who's carted off to jail. Desperate for help, Belle reaches out to her estranged friends to prove her innocence. They answer the call, but no one is prepared for what comes next. Now, everyone has something to lose and something equally dangerous to hide. And when the tangled web of secrets and betrayal is finally unwound, what lies at its heart will change the group forever.

Elora, the young princess of the Dark Faeries, plans to overthrow her tyrannical mother. All she has to do is convince her mother's loathed enemy, the Bright Queen, to join her cause. But the Bright Queen demands an offering first: a human boy.

Allied with the Bright Queen, the faerie princess Elora rallies the Seelie Court for a battle aimed at overthrowing the Dark Queen and uniting the Faerie realm. While some of her allies question their ability to win, Elora senses victory, knowing she has a secret weapon: Taylor, the boy she loves, and a motley crew of his human friends.

"The Gods made their Words into flesh, giving privileged individuals the powers of creation . . ." In Eden City, a member of the illiterate wordless class would never dream of meeting the all-powerful Words . . . much less of running away with one. So when a gorgeous girl literally falls into his lap during a routine trash run, seventeen-year-old Tavin Barnes isn't sure if it's the luckiest or worst day of his life. That girl is Khaya, the Word of Life, who can heal a wound or command an ivy bush to devour a city block with ease. And yet she needs Tavin's help. By aiding Khaya's escape from the seemingly idyllic confines of Eden City, Tavin unwittingly throws himself into the heart of a conflict that is threatening to tear the world apart. Eden City's elite will stop at nothing to protect the shocking secret Khaya hides, and they enlist the other Words, each with their own frightening powers, to bring her back. Winner of the Children's Choice Book Awards' Teen Choice Debut Author Award Everyone knows Alice slept with two guys at one party. When Healy High star quarterback, Brandon Fitzsimmons, dies in a car crash, it was because he was sexting with Alice. Ask anybody. Rumor has it Alice Franklin is a slut. It's written all over the "slut stall" in the girls' bathroom: "Alice had sex in exchange for math test answers" and "Alice got an abortion last semester." After Brandon dies, the rumors start to spiral out of control. In this remarkable debut novel, four Healy High students tell all they "know" about Alice--and in doing so reveal their own secrets and motivations, painting a raw look at the realities of teen life. But in this novel from Jennifer Mathieu, exactly what is the truth about Alice? In the end there's only one person to ask: Alice herself. This title has Common Core connections.

"When Elora, the princess of the Dark Faeries, meets Taylor, a seventeen-year-old exile in his own home, they form an unusual friendship, and Elora immerses herself in the mortal world while plotting to overthrow the Dark Queen"--

"In a small town in Maine, recently widowed Eveleth "Evvie" Drake rarely leaves her house. Everyone in town, including her best friend, Andy, thinks grief keeps her locked inside, and she doesn't correct them. In New York, Dean Tenney, former major-league pitcher and Andy's childhood friend, is struggling with a case of the "yips": he can't throw straight anymore, and he can't figure out why. An invitation from Andy to stay in Maine for a few months seems like the perfect chance to hit the reset button. When Dean moves into an apartment at the back of Evvie's house, the two make a deal: Dean won't ask about Evvie's late husband, and Evvie won't ask about Dean's baseball career. Rules, though, have a funny way of being broken--and what starts as an unexpected friendship soon turns into something more. But before they can find out what might lie ahead, they'll have to wrestle a few demons: the bonds they've broken, the plans they've changed, and the secrets they've kept. They'll need a lot of help, but in life, as in baseball, there's always a chance--right up until the last out"--
