Told in a refreshingly genuine and laugh-out-loud funny voice, Leila Sales' This Song Will Save Your Life powerful young adult coming of age novel is an exuberant story about identity, friendship, and the power of music to bring people together.

Disconnected from the outside world until a health scare and a sink hole in his yard force him to forge new relationships, middle-aged everyman Richard Novak finds his life changed by a doughnut shop owner, a kidnapped woman, a counterculture icon, and others. Reprint. 75,000 first printing.

Terrorist attacks. Natural disasters. Domestic crackdowns. Economic collapse. Riots. Wars. Disease. Starvation. What can you do when it all hits the fan? You can learn to be self-sufficient and survive without the system. **I've started to look at the world through apocalypse eyes.** So begins Neil Strauss's harrowing new book: his first full-length worksince the international bestseller The Game, and one of the most original-and provocative-narratives of the year. After the last few years of violence and terror, of ethnic and religious hatred, of tsunamis and hurricanes—and now of world financial meltdown—Strauss, like most of his generation, came to the sobering realization that, even in

America, anything can happen. But rather than watch helplessly, he decided to do something about it. And so he spent three years traveling through a country that's lost its sense of safety, equipping himself with the tools necessary to save himself and his loved ones from an uncertain future. With the same quick wit and eye for cultural trends that marked *The Game*, *The Dirt*, and *How to Make Love Like a Porn Star*, *Emergency* traces Neil's white-knuckled journey through today's heart of darkness, as he sets out to move his life offshore, test his skills in the wild, and remake himself as a gun-toting, plane-flying, government-defying survivor. It's a tale of paranoid fantasies and crippling doubts, of shady lawyers and dangerous cult leaders, of billionaire gun nuts and survivalist superheroes, of weirdos, heroes, and ordinary citizens going off the grid. It's one man's story of a dangerous world—and how to stay alive in it. Before the next disaster strikes, you're going to want to read this book. And you'll want to do everything it suggests. Because tomorrow doesn't come with a guarantee...

You are what you eat. Food and diet have an enormous influence on your health and well-being, but eating the right amount of the right things - and not too much of the wrong things - isn't easy. But, as in most walks of life, knowledge is power. This book will empower you to eat healthily, lose weight, and sort the fads from the science facts. This is the *New Scientist* take on a "New Year, New You" book: an eye-opening and myth-busting guide to everything from sugar to superfoods, from fasting to eating like a caveman and from veganism to your gut microbiome. Forget faddy diet books or gimmicky exercise programs, this is what is scientifically proven to make you live longer and to be healthier and happier.

Making friends has never been Elise Dembowski's strong suit. All throughout her life, she's been the butt of every joke and the outsider in every conversation. When a final attempt at popularity fails, Elise nearly gives up. Then she stumbles upon a warehouse party where she meets Vicky, a girl in a band who accepts her; Char, a cute, yet mysterious disc jockey; Pippa, a carefree spirit from England; and most importantly, a love for DJing. Told in a refreshingly genuine and laugh-out-loud funny voice, Leila Sales' *THIS SONG WILL SAVE YOUR LIFE* is an exuberant novel about identity, friendship, and the power of music to bring people together.

Drooling fanatic, n. 1. One who drools in the presence of beloved rock stars. 2. Any of a genus of rock-and-roll wannabes/geeks who walk around with songs constantly ringing in their ears, own more than 3,000 albums, and fall in love with at least one record per week. With a life that 's spanned the phonographic era and the digital age, Steve Almond lives to Rawk. Like you, he 's secretly longed to live the life of a rock star, complete with insane talent, famous friends, and hotel rooms to be trashed. Also like you, he 's content (sort of) to live the life of a rabid fan, one who has converted his unrequited desires into a (sort of) noble obsession. *Rock and Roll Will Save Your Life* traces Almond 's passion from his earliest (and most wretched) rock criticism to his eventual discovery of a music-crazed soul mate and their subsequent production of two little superfans. Along the way, Almond reflects on the delusional power of songs, the awkward mating habits of drooling fanatics, and why Depression Songs actually make us feel so much better. The book also includes: • sometimes drunken interviews with America 's finest songwriters • a recap of the author 's terrifying visit to Graceland while stoned • a vigorous and credibility-shattering endorsement of Styx 's Paradise Theater • recommendations you will often choose to ignore • a reluctant exegesis of the Toto song " Africa " • obnoxious lists sure to piss off rock critics But wait, there 's more. Readers will also be able to listen to a special free mix designed by the author, available online at www.stevenalmond.com, for the express purpose of eliciting your drool. For those about to rock—we salute you!

Seventeen-year-old Kidd Ellison runs away to work for the summer at a beach campsite in California where his hard work and good looks lead to friendship and love but painful past memories surface in menacing ways.

DON ' T MESS WITH THE CROWN... When her father dies, Princess Amarande is given an ultimatum: marry the leader of a neighboring kingdom, or lose her crown—and possibly her life. To force her hand, her beloved, the stableboy Luca, is kidnapped. But Amarande was raised to be a warrior, not a sacrifice. And nothing will stop her from saving her true love. *The Kingdoms of Sand & Sky Trilogy Book 1: The Princess Will Save You Book 2: The Queen Will Betray You Book 3: The King Will Kill You (forthcoming)* Praise for *The Princess Will Save You* “ Everything we love about YA fantasy, complete with first love, sweeping adventure, and a fierce heroine who holds her own. There ' s something for everyone in this book. ” —Adrienne Young, New York Times bestselling author of *The Sky in the Deep* “ An action-packed adventure with a fierce heroine that is sure to enthrall! Sarah Henning has created a fantasy narrative that weaves together love and betrayal, pirates and swordplay. Sure to please anyone who grew up loving tales of princesses. ” —Emily Lloyd-Jones, author of *The Bone Houses* “ Full of inconceivable wit, daring adventure, and cunning political machinations...It ' s as if Sarah Henning looked into my soul that yearned for a book like *The Princess Bride* and said—as you wish. And yes, this is a kissing book. ” —Ashley Poston, author of *Heart of Iron* “ A breakneck fantasy adventure... Swoony romance, sword fights, a great cast of characters and some clever parallels to a story about another princess who won ' t be made a bride makes *The Princess Will Save You* a strong contender for my favorite novel of the year. ” —Emily Hall Schroen, Main Street Books, St. Charles, Missouri At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

As A.M. Homes's incendiary novel unfolds, the Kodacolor hues of the good life become nearly hallucinogenic. Laying bare the foundations of a marriage, flash frozen in the anxious entropy of a suburban subdivision, Paul and Elaine spin the quiet terrors of family life into a fantastical frenzy that careens out of control. From a strange and hilarious encounter with a Stepford Wife neighbor to an ill-conceived plan for a tattoo, to a sexy cop who shows up at all the wrong moments, to a housecleaning team in space suits, a mistress calling on a cell phone, and a hostage situation at a school, A.M. Homes creates characters so outrageously flawed and deeply human that they are entirely believable.

“ A survival guide for the creatives among us. ” —Nicole Georges, author of *Fetch: How a Bad Dog Brought Me Home* As a teenager visiting the Andy Warhol Museum, Beth Pickens realized the importance of making art. As an adult, she has dedicated her life to empowering working artists. Intimate yet practical, *Your Art Will Save Your Life* helps artists build a sustainable practice while navigating the world of MFAs, residencies, and institutional funding.
