Managing to Learn reveals the thinking underlying the A3 management process found at the heart of lean management and leadership. A unique book layout puts the thoughts of a lean manager struggling to apply the A3 process to a key project on one side of the page and the probing questions of the boss who is coaching him through the process on the other side.

Lean Enterprise Publications - Lean Production

The Toyota Production System is an integrated socio-technical system, developed by Toyota, that comprises its management philosophy and practices. The TPS is a management system that organizes manufacturing and logistics for the automobile manufacturer, including interaction with suppliers and customers. The system is a major precursor of the more generic "lean manufacturing". Taiichi Ohno and Eiji Toyoda, Japanese industrial engineers, developed the system between 1948 and 1975. Originally call
