**Chapter 19 Lab**

**Using Index Fossils**

**Answer Key -**

**Joomlaxe.com**

The lab is one in which students get to work together to figure out some geologic "puzzles".

Correlating rock layers involves using techniques like index fossil correlation,

File Type PDF

Using Index

superposition, and horizontal originality to piece together what happened in the past. Students are tasked with three "mini-labs" in this class block, which are of increasing complexity.
